

# Architectural Renderings

## HIGH-QUALITY ARCHITECTURAL RENDERINGS

BHI's latest offering delivers high-quality architectural renderings to builders at a remarkable value. We use your CAD files to create realistic visual depictions of new home exteriors, so your customers know what their home will look like. Visualization is key in the home buying process.

Choose between photo-realistic renderings for a real life look and watercolor renderings for a more artistic look.

## HIGHLIGHTS

- Consistent images and superb quality
- Suitable for Web and print with no surprises
- Easy ordering and simplified pricing
